 - a. On the chest or back
 - b. Across the nose and cheeks
 - c. Across the pelvis
 - d. Between the shoulder blades
6. A positive ANA confirms the diagnosis of lupus
 - a. True
 - b. False
7. Which is an exam finding suggestive of lupus:
 - a. Boutonniere deformities
 - b. Nail pitting
 - c. Painless oral ulcers
 - d. Nodules on extensor surfaces of elbows
8. The major cause of mortality in a patient with longstanding lupus is:
 - a. Infection
 - b. Lupus itself
 - c. Cardiovascular disease
 - d. Drug toxicity
9. Factors contributing to increased mortality in lupus include:
 - a. Male gender
 - b. Older age at diagnosis
 - c. Low socioeconomic status
 - d. A and C
 - e. All of the above
10. A strategy to reduce lupus health disparities is:
 - a. Discussing lupus prevalence with colleagues
 - b. Partnering with community leaders to develop a targeted lupus educational campaign
 - c. Asking non- English speaking patients "Do you understand?" when discussing their lupus treatment plan.
 - d. A and B
 - e. All of the above

Please Turn Over

11. After the session, how confident are you that you...
- a. know when to consider lupus based on patient history and exam?
 - b. can recognize the signs/symptoms of lupus?
 - c. can appropriately refer patients that might have lupus?

Very confident	Somewhat confident	Not very confident	Not at all confident	Not sure

12. How satisfied are you with the:
- a. content of the seminar?
 - b. pace of the seminar?
 - c. way the content was delivered?

Very satisfied	Somewhat satisfied	Neutral	Somewhat unsatisfied	Very unsatisfied

13. How likely are you to attend another seminar led by a fellow in rheumatology serving as an educator?

Highly likely	Somewhat likely	Neutral	Somewhat unlikely	Highly unlikely

14. You are a(n) (circle all that apply)

- a. MD
- b. PA
- c. DO
- d. Resident
- e. NP
- f. Medical Student
- g. RN
- h. OB/GYN
- i. Decline to answer

15. You practice in a(n) (circle all that apply)

- a. Emergency room
- b. Urgent care/walk in clinic
- c. Primary care office
- d. Community health center
- e. Hospital
- f. Multiple locations
- g. Other: _____
- h. Decline to answer

16. Please describe any barriers you face in 1) recognizing the signs and symptoms of lupus and 2) making an appropriate referral for assessment and diagnosis:
